The main content area displays an email from "International Journal of Food Science" to "samsul.rizal, udinha65, murhadi.1964, me" on Friday, Jan 22, 3:13 PM. The email subject is "6676042: Galley Proofs".

Dear Dr. samsul,

I am pleased to let you know that the first set of galley proofs of your Research Article 6676042 titled "The growth of yeast and fungi, the formation of β -glucan, and the antibacterial activities during soybean fermentation in producing tempeh," is ready. You can apply your corrections directly to the manuscript with the Online Proofing System (OPS).

Using the OPS, you can quickly and easily make corrections directly to your galley proofs and submit these corrections with a single click.

If a new corresponding author is added, they must log into their manuscript tracking system account and add their ORCID ID. Any additional ORCID IDs added on during proofing will also need to be updated on that author's account. Delays can occur if this isn't done.

To expedite the publication of your manuscript, please send us your corrected galley proofs within two days.

Please ensure that you read the proofs thoroughly and make all necessary corrections at this stage. A second round of proofs may be requested only for checking essential changes or major revisions.

Best regards,
