**Save Environment; Save Earth**

Dear Author,

Your manuscript entitled [Antibacterial activity of extracts and compounds from the roots of Sesbania grandiflora \(Leguminosae\)](#) has been successfully submitted online and is presently being given full consideration for publication in the Research Journal of Chemistry and Environment.

Your manuscript ID is: WRA-RJCE-2019-0719

Please mention the above manuscript ID in all future correspondence. If there are any changes in your street address or e-mail address, please send us an email at [info@worldresearchersassociations.com](mailto:info@worldresearchersassociations.com).

Thank you for submitting your manuscript to the Research Journal of Chemistry and Environment.

Sincerely,

Talk to Cortana

**Corrections** Publication x

**World Researchers Associations** <info@worldresearchersassociations.com> Tue, Jul 21, 2020, 11:39 AM

to me

**Dear Author,**

Next issue of our online journal "**Research Journal of Chemistry and Environment**" Vol. 24 (8), August 2020 is ready for final upload. We are attaching galley proof of your manuscript for corrections.

Please go through galley proof of manuscript and let us know if there is any mistake and if any correction is to be made. If there is any factual error or so, we will surely do the needful. If any alteration or addition is to be made, please inform us separately.

**1. Corrections marked in yellow color have been made either by our experts or by our editorial staff.**

**2. Indications marked in Green color need your immediate attention as something is wrong or something is missing.**

**3. Correction made by you should be marked in red color.**

Please return your manuscript duly corrected within three days of receipt of this mail, otherwise it will be finally uploaded to the website. After three days, no complaint regarding correction will be entertained.

Even if there are no corrections in the manuscript, please send mail that it is OK.

We again remind you that please send the corrections marked in red colour at our email : [info@worldresearchersassociations.com](mailto:info@worldresearchersassociations.com)

Please note that we publish our journals online around 25th - 27th of the month for example October issue will be published by us on 25th - 27th September online. We do not send any intimation or PDF to authors after publication. The manuscript and the journal are open for everyone for a

Please note that we publish our journals online around 25th - 27th of the month for example October issue will be published by us on 25th - 27th September online. We do not send any intimation or PDF to authors after publication. The manuscript and the journal are open for everyone for a month. Therefore, authors are advised to download their manuscripts from 27th September to 25th October and so on. When we upload the next issue, the previous issue is not accessible and one can see abstract in the archives. If anyone wants the PDF of previous issues, author should follow our link: <https://worldresearchersassociations.com/AssArchives.aspx>

Best wishes,  
Shankar Garg  
Editor-in-Chief

**Dear Author,**  
It is a pleasure to accept your manuscript entitled "**Antibacterial activity of extracts and compounds from the roots of Sesbania grandiflora (Leguminosae)**" in its current form for publication in the **Research Journal of Chemistry and Environment**.  
Thank you for your fine contribution. On behalf of the Editors, we appreciate your work and look forward to your continued contributions to the Journal.  
Membership is optional and all the authors and co-authors are requested to be fellow or annual members of World Researchers Associations **WRA** (<https://worldresearchersassociations.com/fellowmembers.aspx>) to achieve our objectives for promoting research and young researchers and saving environment.  
Your manuscript may be published within six months depending upon the queue. Publication in our journals is totally free but if you want early publication within 3 months, then you should follow our policy: <https://worldresearchersassociations.com/EarlyPublicationWithdrawalPolicy.aspx>  
Sincerely,  
Dr. Shankar Garg  
Founder, World Researchers Associations

Dear Prof. Shankar Gard,

I really ask for your apology.  
Why did the name of the other authors, their family name came first?  
They written as Noviany, Osman Hasnah, Mohamad Suriyati and Hadi Sutopo  
They should be Noviany, Hasnha Osman, Suriyati Mohamad and Sutopo Hadi  
Could you please correct them accordingly to their correct name as recorded in Scopus.

Thank you and look forward to getting corrected and your help.

Best regards,

Thank you.
