Dear Sutopo HADI,

Your article titled "Bioassay-Guided Separation Approach for Characterization of New Antibacterial Fractions from the Stem Roots Extracts of Archidendron jiringa" that you uploaded to Journal of the Turkish Chemical Society Section A: Chemistry journal via DergiPark is in "Submission Pending" status. It has not yet been submitted to the journal editor.

When other authors of the article are registered with DergiPark, your article will be sent to the editor.

Sayın Sutopo HADI,

DergiPark üzerinden Journal of the Turkish Chemical Society Section A: Chemistry dergisine yüklediğiniz "Bioassay-Guided Separation Approach for Characterization of New Antibacterial Fractions from the Stem Roots Extracts of Archidendron jiringa" başlıklı makaleniz "Gönderi Beklemede" durumundadır. Henüz, editörlüğe teslim edilmemiştir. Makalenin diğer yazarları DergiPark'a kayıt olduğunda, makaleniz editörlüğe gönderilecektir.

<http://dergipark.org.tr/tr/journal/1021/submission/pending-users/831054> linkinden kaydı beklenen yazarları görebilirsiniz. E-posta adreslerinin doğru yazılıp yazılmadığını kontrol edebilir ve düzenleyebilirsiniz.

İyi günler dileriz

Karar: Minör Revizyon

Editör Yorumu: Dear Prof. Sutupo Hadı, 13.01.2021 The reviewer comments, included at the bottom of this letter, indicate minor revision is necessary for your manuscript "Bioassay-Guided Separation Approach for Characterization of New Antibacterial Fractions from the Stem Roots Extracts of Archidendron jiringa" before publication. After your deliberation on the reviewer comment, I will be happy to consider a revised manuscript for publication in the Journal of the Turkish Chemical Society, Section A: Chemistry. When you revise your manuscript please highlight the changes you make in the manuscript by using the track changes mode in MS Word or by using bold or colored text and upload it in maximum one month along with Responses to the Comments. Once again, thank you for submitting your manuscript to the Journal of the Turkish Chemical Society, Section A: Chemistry. Best regards Prof. F. Zehra Küçükbay Editor of JOTCSA Reviewer(s)' Comments to Author: Referee 1: In the abstract section, A. jiringa should be written in italics. 2- In introduction section, authors may be required to add the below references (These studies can be given as an example of plant extract and synthetic antibacterial studies). - Ozbek, O., Budak, Y., Berkel, C., Ozyigit C., Yanar, Y. (2020). International Journal of Agriculture Environment and Food Sciences, 4(4), 476-482. - Özbek, O., Usta, N. C., Gürdere, M. B., Aslan, O. N., Budak, Y., & Ceylan, M. (2017). Phosphorus, Sulfur, and Silicon and the Related Elements, 192(10), 1153-1157. 3- In Preparation of Extracts, solvent amounts should be given in units of volume. 4- Figure 6 resolution too low. Better image can be added there. 5- In conclusion section, A small comparison can be given with previous different extract studies of the same plant. 6- The authors needs to present biological data with elements such as figures or graphics. This will be more useful to readers. Reviewer(s)' Comments to Author: Referee 2: Authors have done very good and planned work. They are suggested to take care of species name and spellings; some of them have been marked in the attached file.
