

# Bukti korespondensi E-Prescribing: Benefit, Barrier, and Adopting Challenge in Electronic Prescribing

The screenshot shows the 'Journal of Medicine' author dashboard for submission 49409. The page is titled 'Oktarlina / E-Prescribing: Benefit, Barrier, and Adopting challenge in Electronic Prescribing'. The 'Publication' tab is active, with sub-tabs for 'Submission', 'Review', 'Copyediting', and 'Production'. Under 'Submission Files', a file named 'rasmiokti, 1. CST\_article review\_EP fix.doc' is listed with a date of September 24, 2020. Below this, the 'Pre-Review Discussions' section is empty, showing 'No Items'.

The screenshot shows the 'Journal of Medicine' author dashboard for submission 49409, specifically the 'Publication' form. The status is 'Unscheduled'. The form includes fields for 'Prefix', 'Title', and 'Subtitle'. The 'Title' field contains the text 'E-Prescribing: Benefit, Barrier, and Adopting challenge in Electronic Prescribing'. The 'Abstract' field contains the text: 'E-Prescribing system provides prescribing drugs electronically that can be a stand-alone system or be integrated with Electronic Health Records (EHRs) system. When implementing an E-Prescribing system, we need to consider its benefits and barriers, also adopting factors that can affect the success of the implementation. The main advantage of using an E-Prescribing system is to increase patient safety.'

Re: [JOM] New notification from Journal of Medicine
