Dear Committee,

I do not receive any results of the review and results of plagiarism check of our article. The documents you just sent are only the initial version and IOP Template. Could you please check it again. Thank you

Sincerely,

Dear Authors,

Congratulation that your article is ready to be submitted to the IOP soon. In order to be sure that your article will be accepted and then be published by the IOP, we ask you to check again at least these items:

1. Does your article already obey the IOP Template?
2. Is the similarity of your article very low (there is no maximum limit of the similarity percentage from the IOP, but we think you should press the similarity of your article is lower than 20%, hopefully it is enough based on the IOP' standard)?
3. Did you already do the proofread-check e.g. with Grammarly?

We ask at least those items, because you are responsible to your article when it is accepted or rejected by the IOP. We would inform you:

1. If your article is accepted by the IOP, you don't need to pay anything to IOP, because your payment for ICTAP is already included for publishing in IOP. We (the ICTAP's Organizing Committee) will pay it to the IOP.
2. If your article is rejected by the IOP, we (the ICTAP's Organizing Committee) still should pay it to the IOP. It means, you cannot withdraw your money from us (The ICTAP's Organizing Committee) when your article is rejected by the IOP.

We would also inform you, please don't put any footer or header in your article. Please also don't change the title/subject of this email.

We are waiting the final version of your article maximum 7 days after you receive this email. If you don't reply this email or if you don't send the final version of your article after 7 seven days since you received this email, we will submit the last version of your article which we have. Thank you very much for your cooperation.

Best regards,

The ICTAP's Organizing Committee
