Dear Melandri Evira,

Thank you for your email and notification.

We have no objection to the transfer as long as the journal is Scopus-indexed, which you clearly stated. One point of contention is that our article is included in a Special Issue. As such, we respectfully request that our article not be included in a Special Issue.

We look forward to hearing from you soon.

With kind regards,
Supriyadi and Co-authors

Dear Dr. Supriyadi,

I am afraid that this is not possible.

We may either retain your article for publication in the WSEAS Transactions on Environment and Development but it will take a long time as there is a long queue or to transfer your manuscript in the Special Issue: "Applied Systems Theory for Business and Finances" of WSEAS Transactions on Systems and Control with immediate publishing and indexing.

Best Regards,

Dear Melandri Evira,

We are not permitted to publish in a Special Issue by our institution. As a result, we are left with just two choices. First, we are willing to wait, as you advised, until it is published in WSEAS Transactions on Environment and Development, despite the lengthy queue. Second, you may transfer our article to any journal as long as it is Scopus-indexed and not included in a Special Issue.

We truly hope that you understand our predicament.

We look forward to hearing from you soon.

With kind regards,
