Dear Authors,

1. Number citations consecutively in square brackets [1]. Multiple references [2,3] are each numbered within one bracket [1-3]
2. All the fig. text must be 10 font size clearly readable without bold
3. The second level headings should be in 10pt, bold, justified, and First Characters of Each Word are in Capital font. Leave one blank line both before and after the heading, respectively
4. Follow the Geomate Journal template attached with this email.

Dear Authors,

Some fig text are too big and some some are too small and invisible difficult to read. Avoid bold text in all the figures and tables including the X and Y axis of all figures. All the fig. text must be 10 font size clearly readable without bold
