IEOM Society 11th Annual Conference, Singapore, March 7-11, 2021 Preliminary Program

January 18, 2021

Dear Aleksander:

We hope you are doing well.

IEOM organizing committee is glad to see that the 11th Annual Singapore Conference has received the most submissions compare to our previous IEOM conferences. More than 60 countries have submitted papers. With the global pandemic challenges, the event will be entirely virtual via zoom. All documents and abstracts must use the Zoom platform to present their submission.

A **preliminary program** can found on this link - <http://www.ieomsociety.org/program-singapore2021.pdf>. All times are in Singapore time. Please carefully see what would be your local time since the participants are from 60 countries. Please send an email to Dr. Ali (sali@ltu.edu) if there are any issues with your presentation schedule. All co-authors are not listed. The process of adding the remaining authors will happen soon.

The authors have received **reviewer feedback** for most of the papers and abstracts, except those recently received. We will send the remaining reviews to the authors as soon as possible. This will provide you with an opportunity to improve your papers or abstracts. You can see your review feedback on the submission site: <https://www.xcdsystem.com/IEOM/abstract/index.cfm?ID=b2S8sdu>.

Presentation Time

The IEOM Society Singapore Conference will be for five days, starting March 7 (Sunday) to March 11 (Thursday). To accommodate all presentations, there will be five parallel Zoom rooms for the first and second days and four parallel Zoom rooms for the last three days. Each technical presentation will be for 15 minutes, with 12 min for presentation and 3 min for Q&A.

Publishing and Indexing

Please follow the following steps to make sure for your papers and abstracts publications:

- Have your paper or abstract accepted for presentation and publication
- Added in the [conference program](#) and **proceedings page** - <http://ieomsociety.org/singapore2021/proceedings/>.
- Complete the conference registration by January 31
- Submit your final paper/abstract in MS Word by February 15 after address review comments
- Deliver a PowerPoint presentation virtually via zoom during the conference, March 7-11, 2021
- Papers and abstracts must follow the exact IEOM format
- Address any formatting and editing issues by the IEOM Publication team
- Then papers and abstracts will be published online proceedings
- Two weeks will be given to verify the papers and abstracts before sending for Scopus, EBSCO and other indexing

Since we have a large number of submissions, the IEOM team is requesting all authors to follow the exact IEOM format in MS Word ([paper-template.docx](#) and [abstract-template.docx](#)) and make sure that papers and abstracts are in good quality. Some sample quality papers could be used as a benchmark: **Sample IEOM Papers** can be followed to prepare a quality paper:

[Paper 1](#), [Paper 2](#), [Paper 3](#), [Paper 4](#), [Paper 5](#), [Paper 6](#), [Paper 7](#), [Paper 8](#), [Paper 9](#), and [Paper 10](#).

Competition participants must deliver their presentations in the respective competition. Judges will evaluate the presentations and select the first, second, and third place winners for each competition. Winners will be announced at

the conference awards ceremony on March 11 (8:00 – 10:00 pm). Award certificates will be provided. That would be a great value-added for students.

Please note the following points for the final paper and abstract preparation:
