Dear Mrs. Maulina,

Manuscript ID JTAS-1965-2020.R1 entitled "Screening and evaluation of biopesticide compounds from *Mirabilis jalapa* L. (Caryophyllales: Nyctaginaceae) alone and in combination with *Bacillus thuringiensis* against *Spodoptera litura* F. (Lepidoptera: Noctuidiae)" which you submitted to the Journal of Tropical Agricultural Science, has been reviewed. The comments of the reviewer(s) are included at the bottom of this letter.

The reviewer(s) have recommended publication, but also suggest some minor revisions to your manuscript. Therefore, I invite you to respond to the reviewer(s)' comments and revise your manuscript.

To revise your manuscript, log into <https://mc.manuscriptcentral.com/upm-jtas> and enter your Author Center, where you will find your manuscript title listed under "Manuscripts with Decisions." Under "Actions," click on "Create a Revision." Your manuscript number has been appended to denote a revision.

You may also click the below link to start the revision process (or continue the process if you have already started your revision) for your manuscript. If you use the below link you will not be required to login to ScholarOne Manuscripts.

*** PLEASE NOTE: This is a two-step process. After clicking on the link, you will be directed to a webpage to confirm. ***

https://mc.manuscriptcentral.com/upm-jtas?URL_MASK=6723810a6ecf444f952daba9dfa81b77

You will be unable to make your revisions on the originally submitted version of the manuscript. Instead, revise your manuscript using a word processing program and save it on your computer. Please also highlight the changes to your manuscript within the document by using the track changes mode in MS Word or by using bold or colored text.

Once the revised manuscript is prepared, you can upload it and submit it through your Author Center.

When submitting your revised manuscript, you will be able to respond to the comments made by the reviewer(s) in the space provided. You can use this space to document any changes you make to the original manuscript. In order to expedite the processing of the revised manuscript, please be as specific as possible in your response to the reviewer(s).

IMPORTANT: Your original files are available to you when you upload your revised manuscript. Please delete any redundant files before completing the submission.

Because we are trying to facilitate timely publication of manuscripts submitted to the Journal of Tropical Agricultural Science, your revised manuscript should be submitted by 03-Jun-2020. If it is not possible for you to submit your revision by this date, please contact the Journal Officer for extension.

Once again, thank you for submitting your manuscript to the Journal of Tropical Agricultural Science and I look forward to receiving your revision.

Sincerely,
Prof. Dato' Dr. Abu Bakar Salleh
Chief Executive Editor, Journal of Tropical Agricultural Science
executive_editor.pertanika@upm.edu.my

Associate Editor Comments to Author:

As suggested by Reviewer 1, please send your revised manuscript for professional English editing service and provide the related certificate as proof. Thank you.

Reviewer(s)' Comments to Author:

Reviewer: 1

Comments to the Corresponding Author

- The title needs to revise .. the use of alone is not applicable in the title
- A lot of sentences need to be a rewrite
- I would suggest that the author going through the English editing
- The genus should be written when it is at the beginning of the sentences

Reviewer: 2

Comments to the Corresponding Author

The manuscript is very well written with thorough and comprehensive analysis. However few minor amendments required to improve the manuscript overall.

Line 337-Line 350

Please have the information discuss with related published references with the result obtain. Specific focus on how the different concentration causes severe tissue damage. Is it concentration dependent?
