Qadar Hasani:

We have reached a decision regarding your submission to Biodiversitas Journal of Biological Diversity, "Autoecology of Cerratium furca and Chaetocheros didymus as potential HABs in tourism and aquaculture sites at Teluk Pandan Bay, Lampung Indonesia".

Our decision is: Revisions Required

Reviewer A:

Dear Author,

1. Introduction is about 600-800 words, covering the aims of the research and provide an adequate background, avoiding a detailed literature survey or a summary of the results. Please add some references that support your research background
2. This manuscript has lacks references. At least, you need to compose a minimum of 20 references which 80% of scientific journals published in the last 10 years (2012-2022), and a maximum of 10% of references in local references.
3. Please write the references based on the author's guidelines. Kindly check the author's guidelines here <https://smujo.id/biodiv/guidance-for-author>.
4. Please include the Digital Object Identifier (DOI) address from each of references

Kindly check and correct accordingly.

Thank you

Recommendation: Revisions Required
