Dear Fitri Daryanti:

We have reached a decision regarding your submission to Aksara: Jurnal Bahasa dan Sastra, "Tari Khakot: Seni Pertunjukan Tradisi Masyarakat Lampung sebagai Wadah Pembentukan Nilai Karakter Peserta Didik".

We have now received the reviews (attached). Reviewers have pointed out some concerns, but they also agree that the work is very interesting and promising, Revisions are suggested to make the article publishable. If you would be willing to work on these modifications, we will be very excited to publish your paper.

In the reviews (attached) you will find insightful comments that need your attention. In particular, I would recommend focusing on the following:

1. At some point, within your paper, you need to insert (a) citations;
2. You need more scientific justifications in the Introduction section;
3. You need to explain the Methodology clearly;
4. You need to develop your Discussions;
5. You need to develop your Conclusion;
6. Your references seem to be minimum, please add some more. It is abundant out there.

When submitting a new version, it will be essential that you attach a letter detailing the changes made in response to each and every one of the reviewers' comments or you can just make use of the Track Changes feature in your Ms Word. In those cases, in which you decide not to address some of them, we ask you to expressly indicate why you have made this decision.

We have set the deadline for submission by April 13, 2022. However, if you need more time to work on the manuscript, please let us know and we'll change the deadline accordingly.

To submit a revision, go to <http://jurnal.fkip.unila.ac.id/index.php/aksara/login?source=%2Findex.php%2Faksara%2Fauthor%2Fsubmit%2F1> and log in as an Author.
