Please find the attachment of our revised manuscript. We have revised the manuscript based on the comments of the reviewers as follows:

1. We have added the references of articles from the Scopus database.
2. We have reduced the similarity index (we attach the result of the similarity check: we have a 17% similarity index)
3. We have compared our generalization to the references that the second reviewer mentioned.
4. We have shortened the abstract.

Thank you very much.

Please find the attachment of our revised manuscript. We have revised the manuscript based on the comments of the reviewers as follows:

1. We have added the references of articles from the Scopus database.
2. We have reduced the similarity index (we attach the result of the similarity check: we have a 17% similarity index)
3. We have compared our generalization to the references that the second reviewer mentioned.
4. We have shortened the abstract.

Thank you very much.

Please find the attachment of our revised manuscript. We have revised the manuscript based on the comments of the reviewers as follows:

1. We have added the references of articles from the Scopus database.
2. We have reduced the similarity index (we attach the result of the similarity check: we have a 17% similarity index)
3. We have compared our generalization to the references that the second reviewer mentioned.
4. We have shortened the abstract.

We also attach the signed Article Publication Agreement.

Thank you very much.

Please find the attachment of our revised manuscript. We have revised the manuscript based on the comments of the reviewers as follows:

1. We have added the references of articles from the Scopus database.
2. We have reduced the similarity index (we attach the result of the similarity check: we have a 17% similarity index)
3. We have compared our generalization to the references that the second reviewer mentioned.
4. We have shortened the abstract.

We also attach the signed Article Publication Agreement.

Thank you very much.

Dear Prof. Sophia Wang
Editorial Assistant
Journal of Mathematics Research
Canadian Center of Science and Education

Please find the attachment of our revised manuscript. We have revised the manuscript based on the comments of the reviewers as follows:

1. We have added the references of articles from the Scopus database.
2. We have reduced the similarity index (we attach the result of the similarity check: we have a 17% similarity index)
3. We have compared our generalization to the references that the second reviewer mentioned.
4. We have shortened the abstract.

We also attach the signed Article Publication Agreement.

Thank you very much.
Best regards,

Fitriani

Please find the attachment of our revised manuscript. We have revised the manuscript based on the comments of the reviewers as follows:

1. We have added the references of articles from the Scopus database.
2. We have reduced the similarity index (we attach the result of the similarity check: we have a 17% similarity index)
3. We have compared our generalization to the references that the second reviewer mentioned.
4. We have shortened the abstract.

We also attach the signed Article Publication Agreement.

Thank you very much.

Please find the attachment of our revised manuscript. We have revised the manuscript based on the comments of the reviewers as follows:

1. We have added the references of articles from the Scopus database.
2. We have reduced the similarity index (we attach the result of the similarity check: we have a 17% similarity index)
3. We have compared our generalization to the references that the second reviewer mentioned.
4. We have shortened the abstract.

We also attach the signed Article Publication Agreement.

Thank you very much.

Dear Dr. Fitriani,

Thank you for the submission of your paper to our journal. It will be assigned to a peer review.

We use a double-blind system for peer reviews. The paper will be peer-reviewed by at least two experts. The review process may take four to ten weeks. We will inform you of our decision and the reviewers' comments as soon as possible.

Thank you.

Best regards,

Sophia Wang
