Dear Prof. Ange Nzihou

Editor in Chief

Waste and Biomass Valorization

Thank you for giving me the opportunity to revise and resubmit this manuscript. In keeping with my last communication with you, I should resubmit our paper revision before October 25, 2016. I appreciate the time and detail provided by each reviewer and by you and have incorporated. Currently, We are still conducting the revision of our manuscript with the title "Characterization and Production of Solid Biofuel from Sugarcane Bagasse by Hydrothermal Carbonization Treatment in Hot-Compressed-Water". If possible, could we extend our manuscript revision until November 15, 2016?

I am looking forward your respond?

Best Regards,

Dr. Eng. Dewi A. Iryani
