<p>Dear Editor, Thank you for the galley proof. We have read that document. The only revision we have is in the title. The scientific name of <i>Psidium guajava</i> should be write in italic form. In the existing document, the word '<i>Psidium</i>' have already italic, but the word 'guajava' is still not italic. We are looking for this paper published in the early February issue Best Regards Authors</p>	radiana Dec 31
