

Yth. Bapak/Ibu Reviewer PAK Nasional

Dengan hormat,

Berikut Bersama dengan surat ini, saya lampirkan bukti-bukti korespondensi untuk artikel:

Judul : Hydrothermal Carbonization Kinetics of Sugarcane Bagasse Treated by Hot Compressed Water under Variabel Temperature Conditions  
Nama Jurnal : ARPN Journal of Engineering and Applied Sciences  
Volume/No. : 11/7, April 2016

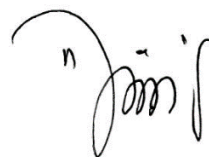

Catatan:

- Artikel tersebut adalah paper yang telah saya presentasikan pada The 1<sup>st</sup> International Conference on Science, Technology, and Interdisciplinary Research (IC-STAR) tahun 2015, setelah melalui proses review awal oleh TPC IC-STAR 2015 (bukti submission, dan hasil review terlampir).
- Setelah pelaksanaan conference, TPC melakukan proses review kedua (2<sup>nd</sup> round) terhadap paper yang telah ditingkatkan kualitasnya (berdasarkan masukan saat conference) menjadi draft artikel. Draft artikel tersebut telah saya perbaiki berdasarkan hasil review kedua, menjadi versi camera ready (hasil review terlampir). Artikel yang saya dan tim buat terpilih untuk dipublikasikan di Jurnal ARPN JEAS.
- Selanjutnya TPC IC-STAR 2015 melakukan proses submission secara kolektif artikel yang terpilih ke editor jurnal ARPN JEAS.
- Korespondensi yang saya lakukan adalah dengan TPC atau OC dari IC-STAR 2015. Korespondensi yang dengan Editor ARPN JEAS dilakukan oleh TPC/OC IC-STAR 2015 (korespondensi terlampir).
- Saya merasa banyak mendapat masukan dan saran untuk peningkatan kualitas artikel saya dari beberapa kali proses review yang dilakukan oleh TPC IC-STAR 2015.

Demikian beberapa hal yang dapat saya jelaskan. Atas perhatian yang Bapak/Ibu Reviewer berikan saya ucapkan terima kasih.

Bandar Lampung, 26 Maret 2023

Penulis korespondensi,

Dr.Eng. Dewi Agustina Iryani, S.T., M.T.

Dear Dr. Author(s),

The review process of your submission entitled "HYDROTHERMAL CARBONIZATION KINETICS OF SUGARCANE BAGASSE TREATED BY HOT COMPRESSED WATER UNDER VARIABEL TEMPERATURE CONDITIONS " (ID#201-173-1-SM) to The 1st International Conference on Science, Technology, and Interdisciplinary Research 2015 (IC-STAR 2015) has been completed. Please find the review result below.

You are obligated to prepare the camera ready of your paper by using the official template of IC-STAR 2015 and present your paper at the conference venue. Please send the camera ready version by 13 August 2015. As for the selection for journal publication, the committee will only consider the paper which are submitted in the official template and has been presented in the conference.

With many thanks and look forward to receiving from you.

Best regards,

Dear Authors,

On behalf of the SC of IC-STAR 2015, it is a pleasure for us to inform you that your presented paper in IC-STAR 2015 entitled "The Analysis of Signalling Process of Services in Integrated IMS" (#ID 206) has been selected to be published in the ARPN Journal of Engineering and Applied Sciences.

Congratulations!

Nevertheless, the following conditions may be applied:

1. Your paper is excluded in IC-STAR 2015 Proceeding/Book Chapter.
2. Please read carefully the reviewers suggestions and advices as addressed in the review results at the attachment. The article preparation should also include all suggestion and comments that have raised during the conference presentation.
3. Please prepare your article based on the ARPN JEAS author guidelines ([http://www.arpnjournals.com/author\\_guidelines.htm](http://www.arpnjournals.com/author_guidelines.htm))
4. The camera ready version of the article should be sent by email no later than 11 December 2015.
5. A file should be in .doc/.docx format and should not exceed 9 MB. If it exceeds 9 MB, it should separate it into two or more files. Please do not send zip/rar files.

We look forward to receiving from you.

## IC-STAR 2015 - Review Report

**Paper ID/Title: 201-173-1-SM/ "HYDROTHERMAL CARBONIZATION KINETICS OF SUGARCANE BAGASSE TREATED BY HOT COMPRESSED WATER UNDER VARIABLE TEMPERATURE CONDITIONS "**

Reviewers #1

The reviewer evaluates the submitted manuscript for journal publication when it meets the following requirements:

1. Is the manuscript written in proper and sound English?

Yes  No

If no, are these only minor misspellings or it needs to be re-written?

Minor  Needs to be rewritten

2. Does the paper format according to the author guidelines for IC-STAR 2015? (e.g.: Title, Abstract, literature review, experiment Report, Discussion, References, Figures, Tables, Abbreviations)

Yes  No

3. Are there the problem(s) on manuscript stated as the one of the state of the art problem(s) and address clearly?

Yes  No

4. Do the figures and tables reflected clearly with the goal and result on the manuscript?

Yes  No

5. Does the manuscript has novelty and described a significant finding?

High novelty/significant finding  Less/Common finding

6. Does the conclusion answer the aim and problems stated on the manuscript?

Yes  No

7. Did the references reflect the latest findings?

Yes  No

8. Recommendation and overall evaluation (Please check the option):

Accept and Publish as is

Accept and Publish after minor revision

Accept and Publish after mandatory/major revision

Reject

9. If accepted, please suggest for the publication in:

ISI/Thomson Reuters IF Journal (JART)

Scopus indexed ARPN Journal of Engineering and Applied Sciences

IOP Science

Trans Tech Publication

Rejected

10. Reviewer Remarks:

The article explained about kinetic data of hydrothermal treatment of biomass. Based on the current version, the article could be considered for publication after the revision of manuscript. The manuscript deals with high experimental data interest. The paper has standard structure and uses proper English, although a few linguistic corrections would improve the quality of the paper. Reviewer recommended the publication after revisions. Specific concernS are raised for the proposed methods of analysis.

#### Issue 1:

When you refer to hydrothermal carbonization it is usually redundant to add the phrase "In hot compressed water" since it is considered to be the standard approach. Therefore, the suggestion is that the term "Hydrothermal Carbonization" should be used solely throughout the document but also in the title of the manuscript.

If you want to point out something different by using both the terms "Hydrothermal Carbonization" and "Hot compressed water treatment" then please explain further the process.

#### Issue 2:

You are referring generally to hydrothermal treatment and not specifically to hydrothermal carbonization. We see that you use the term "Hydrothermal treatment" and "Hot compressed water treatment" and then you make an automatic transition to the term "Hydrothermal Carbonization". If you want to point out something different by using both the terms "Hydrothermal Carbonization" and "Hot compressed water treatment" then please explain further the process.

We suggest the reconstruction of this part by having a first part generally about hydrothermal treatment (like you have done) and a second part with details about hydrothermal carbonization. For this purpose and in order to assist you, we have attached five additional papers. Of course it is up to you to use the proposed references or seek for more references yourself. You have cited Chen et al., 2012 which is a good and relevant reference.

#### Issue 3:

Why did you use K- Thermocouples for the measurement of the heat? K- Thermocouples undergo a deviation in output when the material reaches approx. 185 °C, i.e. their Curie Point. Have you calibrated the data logger to overcome this issue? In your case it is acceptable because you produce results higher than 200 °C. In this case you should point this out. (Type T thermocouples could be more suitable for your experiments especially if you want to extrapolate kinetic reactions).

#### Issue 4:

"A stream of N<sub>2</sub> gas was used to replace air in the reactor and to regulate the initial internal pressure of 0.5 MPa."

You declare that the initial internal pressure is approximately 5 bars (0.5 MPa). But what is the operating pressure? In Hydrothermal Carbonization, pressure is always held high enough to keep water in its liquid or, possibly, supercritical state. Most researchers (whose papers are attached) declare operating pressure values higher than 15 bars and as high as 50 bar. Please provide this information because this is really important along with the type of the pressure measurement device.

Reviewers #2

The reviewer evaluates the submitted manuscript for journal publication when it meets the following requirements:

1. Is the manuscript written in proper and sound English?  
 Yes    No

If no, are these only minor misspellings or it needs to be re-written?  
 Minor    Needs to be rewritten

2. Does the paper format according to the author guidelines for IC-STAR 2015? (e.g.: Title, Abstract, literature review, experiment Report, Discussion, References, Figures, Tables, Abbreviations)  
 Yes    No

3. Are there the problem(s) on manuscript stated as the one of the state of the art problem(s) and address clearly?  
 Yes    No

4. Do the figures and tables reflected clearly with the goal and result on the manuscript?  
 Yes    No

5. Does the manuscript has novelty and described a significant finding?  
 High novelty/significant finding    Less/Common finding

6. Does the conclusion answer the aim and problems stated on the manuscript?  
 Yes    No

7. Did the references reflect the latest findings?  
 Yes    No

8. Recommendation and overall evaluation (Please check the option):

 Accept and Publish after minor revision  
 Accept and Publish after mandatory/major revision

Reject

9. If accepted, please suggest for the publication in:  
 ISI/Thomson Reuters IF Journal (JART)  
 Scopus indexed ARPN Journal of Engineering and Applied Sciences  
 IOP Science  
 Trans Tech Publication

## 10. Reviewer Remarks:

The paper presents a comprehensive list of results about the products of sugarcane bagasse hydrothermal carbonization. These data are for sure interesting for the scientific community working on HTC. However, before the publication, the authors should be revised some linguistic errors and the English should be carefully revised:

- "the conversion of [...] is a viable consideration". Consideration is not correct in this context.
- "bagasse provided by the sugar industry". If the definite article "the" is used, from which sugar industry should be mentioned. Otherwise, the undefined article should be used.
- "to regulate the [...] pressure of 0.5 MPa". "At" should be used instead of "of".
- "the treated solid product differed significantly to the initial raw material composition". "From" should be used instead of "to". In addition, the solid product and the composition of the raw material cannot be compared, the compositions of the two are comparable.

## Reviewers #3

The reviewer evaluates the submitted manuscript for journal publication when it meets the following requirements:

1. Is the manuscript written in proper and sound English?

Yes       No

If no, are these only minor misspellings or it needs to be re-written?

Minor     Needs to be rewritten

2. Does the paper format according to the author guidelines for IC-STAR 2015? (e.g.: Title, Abstract, literature review, experiment Report, Discussion, References, Figures, Tables, Abbreviations)

Yes       No

3. Are there the problem(s) on manuscript stated as the one of the state of the art problem(s) and address clearly?

Yes       No

4. Do the figures and tables reflected clearly with the goal and result on the manuscript?

Yes       No

5. Does the manuscript has novelty and described a significant finding?

High novelty/significant finding       Less/Common finding

Reject

9. If accepted, please suggest for the publication in:

ISI/Thomson Reuters IF Journal (JART)

Scopus indexed ARPN Journal of Engineering and Applied Sciences

IOP Science

Trans Tech Publication

10. Reviewer Remarks:

6. Does the conclusion answer the aim and problems stated on the manuscript?

Yes       No

7. Did the references reflect the latest findings?

Yes       No

8. Recommendation and overall evaluation (Please check the option):

Accept and Publish as is

Accept and Publish after minor revision

Accept and Publish after mandatory/major revision

Reject

9. If accepted, please suggest for the publication in:

ISI/Thomson Reuters IF Journal (JART)

Scopus indexed ARPN Journal of Engineering and Applied Sciences

IOP Science

Trans Tech Publication

10. Reviewer Remarks:

The authors should provide the significant results based on problem statement, the objective of the research, and proper method. Then it should be followed by a comprehensive and clear discussion. Some more relevant references and related works need to be reviewed to benchmark the position of the work among the others. Also, all references should be used and properly cited. The English need to be improved, particularly in grammars. Please avoid long sentences. The authors should prepare the manuscripts based on the official journal template.

Editor in chief ARPN Journal of Engineering and Applied Sciences

Dear Mr. Tarakzai

Regarding the previous emails between my colleague Dr. Irza Sukmana as the IC-STAR's scientific committee and The ARPN editor (please refer email below), I would like to inform you that we have selected 36 papers among 139 accepted papers presented in IC-STAR 2015 conference. Following the selection, we have made 2 rounds of blind review for the papers, finally we recommend 30 papers to be promoted for ARPN-JEAS.

According to this purpose, could you please confirm that the charge of US\$ 90.00 per selected paper is still applied, and how to proceed the payment? Regarding the publication, could you inform me when the papers would be published. Please also inform if the authors should follow other protocols (such as copyright agreements, etc.). We plan to send the papers collectively, as well as the payment.

Thank you so much for your consideration. I look forward to receiving from you.

Best regards,

Ardian Ulvan

IC-STAR 2015 Conference Chair.

Dear Dr. Irza Sukmana,

Thank you very much for your email and interest in ARPN Journals. We would appreciate to get published your conference selected papers related to Engineering field in our Journal "ARPN Journal of Engineering and Applied Sciences" indexed in SCOPUS.

As you know, we charge our valued authors of US\$130.00 or £85.00 GBP for the publication of a single research paper. For your Conference papers, we will give you a discount of US\$30.00 for each selected paper. It means that we will charge you US\$100.00 per paper. The papers will be selected and reviewed by your organization. You will have to pay total amount of the papers before publishing of the Issue.

With best wishes and regards.

Sincerely yours

To: Engr. J. K. Tarakzai  
Editor-in-Chief  
RPN Journal of Engineering and Applied Sciences

Dear Mr. Tarakzai,

On behalf of the Scientific Committee of the International Conference on Science, Technology and Interdisciplinary Research, IC-STAR 2015, we would like to ask for the partnership in publication. IC-STAR scheduled to be held on September 21-23, 2015 at Emersia Hotel and Resort, Bandar Lampung, Indonesia, in conjunction with the 50th anniversary of University of Lampung, Indonesia.

We would like to announce and circulate the call for paper, including the conference website (<http://ic-star.unila.ac.id/>) and abstract/full papers submission system on March 1, 2015.

Considering the above matters, here we would like to ask for the possibility of your Journal, ARPN Journal of Engineering and Applied Sciences to be one of our journal partner with IC-STAR 2015, along with some other journals (Trans Tech, Telecommunication systems, and IJACT that are still waiting for confirmation). Perhaps, we could contribute the submission to regular vol/issue based on the conference's accepted full papers which is related to your journal's aims and scopes.

For your information and consideration, please find the conference brochure on the attached file. If you have some term and condition, please advice.

Thank you for your attention and looking forward to hear from you soon.

Best regards,

Irza

Dear Dr. Irza Sukmana,

Thank you very much for your email and interest in ARPN Journals. We would appreciate to get published your conference selected papers related to Engineering field in our Journal "ARPN Journal of Engineering and Applied Sciences" indexed in SCOPUS.

As you know, we charge our valued authors of US\$130.00 or £85.00 GBP for the publication of a single research paper. For your Conference papers, we will give you a discount of US\$30.00 for

each selected paper. It means that we will charge you US\$100.00 per paper. The papers will be selected and reviewed by your organization. You will have to pay total amount of the papers before publishing of the Issue.

With best wishes and regards.

Sincerely yours

**Publishing Editor**

**Subject:** Possibility for Publishing partnership of IC-STAR2015

To: Engr. J. K. Tarakzai  
Editor-in-Chief  
RPN Journal of Engineering and Applied Sciences

Dear Mr. Tarakzai,

On behalf of the Scientific Committee of the International Conference on Science, Technology and Interdisciplinary Research, IC-STAR 2015, we would like to ask for the partnership in publication. IC-STAR scheduled to be held on September 21-23, 2015 at Emersia Hotel and Resort, Bandar Lampung, Indonesia, in conjunction with the 50th anniversary of University of Lampung, Indonesia.

We would like to announce and circulate the call for paper, including the conference website (<http://ic-star.unila.ac.id/>)

and abstract/full papers submission system on March 1, 2015.

Considering the above matters, here we would like to ask for the possibility of your Journal, ARPN Journal of Engineering and

Applied Sciences to be one of our journal partner with IC-STAR 2015, along with some other journals (Trans Tech, Telecommunication systems,

and IJACT that are still waiting for confirmation). Perhaps, we could contribute the submission to regular vol/issue based on the

conference's accepted full papers which is related to your journal's aims and scopes.

For your information and consideration, please find the conference brochure on the attached file. If you have some term and condition, please advice.

Thank you for your attention and looking forward to hear from you soon.

Best regards,

Irza

To

Engr. J. K. Tarakzai

Editor in chief ARPN Journal of Engineering and Applied Sciences

Dear Mr. Tarakzai

Regarding the previous emails between my colleague Dr. Irza Sukmana as the IC-STAR's scientific committee and The ARPN editor (please refer email below), I would like to inform you that we have selected 36 papers among 139 accepted papers presented in IC-STAR 2015 conference. Following the selection, we have made 2 rounds of blind review for the papers, finally we recommend 30 papers to be promoted for ARPN-JEAS.

According to this purpose, could you please confirm that the charge of US\$ 90.00 per selected paper is still applied, and how to proceed the payment? Regarding the publication, could you inform me when the papers would be published. Please also inform if the authors should follow other protocols (such as copyright agreements, etc.). We plan to send the papers collectively, as well as the payment.

Thank you so much for your consideration. I look forward to receiving from you.

Best regards,

Ardian Ulvan  
IC-STAR 2015 Conference Chair.

To Editor of ARPN-JEAS

Dear Madam/Sir,

Following our previous email below, I would like to inform you that all 24 selected papers have been included in the google drive which can be accessed at the link below:

<https://drive.google.com/open?id=0ByM336WrnLGOQmIWZWExVm9EWUE>

Could you please confirm that you could accessed all the file properly, otherwise please let me know as soon as possible.

Could you also please inform what should we do for the next phase (e.g., procedure for payment fee, etc)

I look forward to hearing from you.

With many thanks.

Best regards,  
Ardian Ulvan

Dear Sir/Madam,

Thank you so much for your email. Please accept my apologise for a late respond.  
Regarding the selected papers, please access them through link below.

<https://drive.google.com/open?id=0ByM336WrnLGOQmIWZWExVm9EWUE>

There are 24 papers that have been selected to be published in ARPN-JEAS.  
Attached you may also find the list of the selected papers, including the contact person.  
Some of authors still improving their paper. I hope we could update it by tomorrow for final list of the selected papers.

Please do not hesitate to scrutinise all the submission. Though we have performed the review our best, obviously the final decision is yours.

We are looking forward to hearing from you.

With many thanks

To:

Engr. J. K. Tarakzai

Editor in chief ARPN Journal of Engineering and Applied Sciences

Dear Mr. Tarakzai

Regarding the previous emails between my colleague Dr. Irza Sukmana as the IC-STAR's scientific committee and The ARPN editor (please refer email below), I would like to inform you that we have selected 36 papers among 139 accepted papers presented in IC-STAR 2015 conference. Following the selection, we have made 2 rounds of blind review for the papers, finally we recommend 30 papers to be promoted for ARPN-JEAS.

According to this purpose, could you please confirm that the charge of US\$ 90.00 per selected paper is still applied, and how to proceed the payment? Regarding the publication, could you inform me when the papers would be published. Please also inform if the authors should follow other protocols (such as copyright agreements, etc.). We plan to send the papers collectively, as well as the payment.

Thank you so much for your consideration. I look forward to receiving from you.

Best regards,

Ardian Ulvan  
IC-STAR 2015 Conference Chair.

Dear Dr. Irza Sukmana,

Thank you very much for your email and interest in ARPN Journals. We would appreciate to get published your conference selected papers related to Engineering field in our Journal "ARNP Journal of Engineering and Applied Sciences" indexed in SCOPUS.

As you know, we charge our valued authors of US\$130.00 or £85.00 GBP for the publication of a single research paper. For your Conference papers, we will give you a discount of US\$30.00 for each selected paper. It means that we will charge you US\$100.00 per paper. The papers will be selected and reviewed by your organization. You will have to pay total amount of the papers before publishing of the Issue.

With best wishes and regards.

Sincerely yours

RPN Journal of Engineering and Applied Sciences

Dear Mr. Tarakzai,

On behalf of the Scientific Committee of the International Conference on Science, Technology and Interdisciplinary Research, IC-STAR 2015, we would like to ask for the partnership in publication. IC-STAR scheduled to be held on September 21-23, 2015 at Emersia Hotel and Resort, Bandar Lampung, Indonesia, in conjunction with the 50th anniversary of University of Lampung, Indonesia.

We would like to announce and circulate the call for paper, including the conference website (<http://ic-star.unila.ac.id/>)

and abstract/full papers submission system on March 1, 2015.

Considering the above matters, here we would like to ask for the possibility of your Journal, ARPN Journal of Engineering and

RPN Journal of Engineering and Applied Sciences

Dear Mr. Tarakzai,

On behalf of the Scientific Committee of the International Conference on Science, Technology and Interdisciplinary Research, IC-STAR 2015, we would like to ask for the partnership in publication. IC-STAR scheduled to be held on September 21-23, 2015 at Emersia Hotel and Resort, Bandar Lampung, Indonesia, in conjunction with the 50th anniversary of University of Lampung, Indonesia.

We would like to announce and circulate the call for paper, including the conference website (<http://ic-star.unila.ac.id/>)

and abstract/full papers submission system on March 1, 2015.

Considering the above matters, here we would like to ask for the possibility of your Journal, ARPN Journal of Engineering and

Applied Sciences to be one of our journal partner with IC-STAR 2015, along with some other journals (Trans Tech, Telecommunication systems,

and IJACT that are still waiting for confirmation). Perhaps, we could contribute the submission to regular vol/issue based on the

conference's accepted full papers which is related to your journal's aims and scopes.

For your information and consideration, please find the conference brochure on the attached file. If you have

some term and condition, please advice.

Thank you for your attention and looking forward to hear from you soon.

Best regards,

Irza

**To:**Conference <[conference@arpnjournals.com](mailto:conference@arpnjournals.com)>

Dear Sir/Madam,

Thank you so much for your email. Please accept my apologise for a late respond.  
Regarding the selected papers, please access them through link below.

<https://drive.google.com/open?id=0ByM336WrnLGOQmiWZWExVm9EWUE>

There are 24 papers that have been selected to be published in ARPJN-JEAS.  
Attached you may also find the list of the selected papers, including the contact person.  
Some of authors still improving their paper. I hope we could update it by tomorrow for final list of the selected papers.

Please do not hesitate to scrutinise all the submission. Though we have performed the review our best, obviously the final decision is yours.

We are looking forward to hearing from you.

With many thanks  
Ardian Ulvan

IC-STAR Conference Chair 2015/2016.

Dear Sir/Madam,

Thank you very much for your email. You can send your papers through Google Docs. We will appreciate if you please send us a list containing information on title of research paper, email address and name of corresponding author. Our editors will check/scrutinize your list of papers and the papers before its publication. Please do not pay at the moment (wait for final checking of your papers).

With best wishes and regards.

Sincerely yours

**Subject:** IC-STAR's 2015 Selected papers to be published at ARPJN-JEAS

To:

Engr. J. K. Tarakzai

Editor in chief ARPN Journal of Engineering and Applied Sciences

Dear Mr. Tarakzai

Regarding the previous emails between my colleague Dr. Irza Sukmana as the IC-STAR's scientific committee and The ARPN editor (please refer email below), I would like to inform you that we have selected 36 papers among 139 accepted papers presented in IC-STAR 2015 conference. Following the selection, we have made 2 rounds of blind review for the papers, finally we recommend 30 papers to be promoted for ARPN-JEAS.

According to this purpose, could you please confirm that the charge of US\$ 90.00 per selected paper is still applied, and how to proceed the payment? Regarding the publication, could you inform me when the papers would be published. Please also inform if the authors should follow other protocols (such as copyright agreements, etc.). We plan to send the papers collectively, as well as the payment.

Thank you so much for your consideration. I look forward to receiving from you.

Best regards,

Ardian Ulvan  
IC-STAR 2015 Conference Chair.

Dear Dr. Irza Sukmana,

Thank you very much for your email. ARPN has decided to give you further discount of US\$10.00. It means we will charge you **US\$90.00** per selected paper. Please note that we have given you more than **30%** discount.

With best wishes and regards.

Sincerely yours

Dear Dr. Irza Sukmana,

Thank you very much for your email and interest in ARPN Journals. We would appreciate to get published your conference selected papers related to Engineering field in our Journal "ARPN Journal of Engineering and Applied Sciences" indexed in SCOPUS.

As you know, we charge our valued authors of US\$130.00 or £85.00 GBP for the publication of a single research paper. For your Conference papers, we will give you a discount of US\$30.00 for each selected paper. It means that we will charge you US\$100.00 per paper. The papers will be selected and reviewed by your organization. You will have to pay total amount of the papers before publishing of the Issue.

With best wishes and regards.

Sincerely yours
