Dear Prof. Mohamed Ilyasat  
Editor in Chief  
Journal of Applied Biological Sciences  
CC.  
Dr. Sutopo Hadi, Assistant Editor

Pardon all, I ask for your apology  
I need your help with our published article at your journal.

Our paper has been published in Volume 11, No. 2, pp. 15-19, 2017.  
But there are two references that need to be added to the text.

Could you please help me to correct it?

The file is attached. The references that need to be added have been written on the pdf file of my article as sticky note, but I also write them in this email.

Please add these two references as No. 10 and 11:

[10] Chapman D.H., and F.P. Pratt. 1981. Methods of analysis for soils, plants and water. University of California, Division of Agriculture Science, Riverside, CA.

[11] Mader F., A. Radchen, D. Dubois, L. Gumi , P. Fried, and U.Niggli. 2002. Soil Fertility and Biodiversity in Organic Farming. Science 296: 1694-1697.

The correction will also be good for the journal.
