Dear Netti Herawati

We plan to publish your paper in the forthcoming issue of the International Journal of Innovative Research and Scientific Studies. However, the following improvements need to be made:

1. Please check all the section numbers of the article.
2. The Abstract should not exceed 250 words.
3. You should include between 6 and 10 keywords in the paper.
4. The language needs to be reviewed (English must be improved).
5. Please provide the details that are missing from the references.
6. Please include the ORCID profile links for all authors. If an author does not have an ORCID profile, please create one at www.orcid.org and include the link.

Please send us a revised file within 48 hours after you have addressed the above comments. If it is not returned in time, your paper will remain in the pending list until the issues have been properly resolved.

Note: We also require email addresses and phone numbers for all authors.

We look forward to hearing from you.

Sincerely,

Natalie Jean

Dear Netti Herawati

Thanks for submitting your article for publication with us. Your paper is now in the final stage of professional editing, proofreading and consistency checking. Please find your article attached. You will see some comments and the tracked changes made by the proofreader. You will need to accept the English language changes and answer the questions/comments. Please highlight your comments/changes in a different color so that we can verify them easily.

You should prepare a response letter in which you will need to explain how you have incorporated the changes.

We look forward to receiving the revised file.
