Dear Professor Erlina Rufaidah,

Thank you for your registration.

The reviewers' comments are attached to this email, as well as the Turnitin Report.

Please revise your paper accordingly, **log in to your account, click on the pencil icon next to your paper and upload the final version** (overwrite the old version with the new one), until **October 30, 2022**.

Paper should be written according to the journal's paper format, <https://wseas.com/format.php>

The present work passed on the machine language "Grammarly" (<https://www.grammarly.com>) that detects language or typing errors. Concerning the formal English language style and grammar, please make a spelling check of the text on your manuscript to avoid mistyping errors. The authors shall check punctuation and misprints in their manuscript and make appropriate corrections where necessary.

In addition, **please fill in and return to me via email the attached "CERTIFICATION docx"** which certifies the evaluation and review process.

We remain at your disposal,

Best Regards

Maria Georgieva

a. Komentar dari Reviewer 1

Reviewer(s)' Comments to Author:

Reviewer: 1

Comments:

The work is good. It provides all the theoretical, methodological and empirical attributes of the treated problem and its solutions.

- 1) According to the WSEAS format (template: <https://www.wseas.com/format.php>), all the references should be cited in the text as [1], [2], etc (not as (Author, Year)). The font size of the numbers should be the same with the text.
- 2) More attention needs to be drawn to the numbering of the sections.
- 3) The presentation of the section 2.2 'Data Collection' needs improvements and more details.
- 4) The authors must provide more ideas about future research in this area.
- 5) The authors should explain the contribution of their study in comparison with the corresponding studies of other researchers.

Additional Questions:

=====

Does the paper contribute to the body of knowledge?: Yes.

Is the paper technically sound?: Yes

Is the subject matter presented in a comprehensive manner?: Yes.

Are the references provided applicable and sufficient?: Yes

Recommendation: Accepted after minor revision

b. Komentar dari reviewer 2

Reviewer: 2

Remarks:

- 1) The presentation of the literature could be improved. The authors analyze a lot of papers. A comparison between them would be useful.
- 2) The section D-'Sensitivity Level Analysis' in the present form is relatively weak and should be strengthened with more details.
- 3) Why is this paper important to the financial feasibility? Please, explain.
- 4) In conclusions section the authors summarize the main points of their study. The authors should explain the contribution of their study in comparison to studies of other researchers. In addition, in conclusions section the authors should refer the advantages of their study. They should emphasize and analyze them in detail.

Additional Questions:

=====

Does the paper contribute to the body of knowledge?: Yes

Is the paper technically sound?: Yes.

Is the subject matter presented in a comprehensive manner?: It should be improved.

Are the references provided applicable and sufficient?: Yes

Recommendation: Major revision

c. Komentar dari reviewer 3

Reviewer: 3

Comments:

The aim of the paper should be clearly define in the introduction.

In the abstract and conclusion section summarize the article's main findings and indicate the main conclusions or interpretations.

Explain how this paper differs from the related ones published in the technical literature.

It is mentioned in conclusions section that 'By expanding the market, the owner's business can last longer if there is a decrease in the selling price or an increase in the price of anchovy raw materials.' More justification should be furnished on this issue.

Additional Questions:

=====

Does the paper contribute to the body of knowledge?: It is not clear.

Is the paper technically sound?: Yes

Is the subject matter presented in a comprehensive manner?: Revision is required.

Are the references provided applicable and sufficient?: Yes.

Recommendation: Accepted after major revision
