You may be entitled to a discount if you have previously received a discount code. Please note that reviewer vouchers must be applied before acceptance for publication. Vouchers cannot be applied once an APC invoice has been issued. IOAP discounts can be combined with other available discounts (e.g., reviewer vouchers, discounts offered by the Editorial Office); Please note that only one discount through an IOAP scheme is permitted per paper. If you need to add any discount or replace the current discount with another type of discount, please contact the Fermentation Editorial Office as soon as possible.

Please confirm that you support open access publishing, which allows unlimited access to your published paper and that you will pay the Article Processing Charge if your manuscript is accepted.

Thank you in advance for your cooperation. I look forward to hearing from you.

We will now edit and finalize your paper, which will then be returned to you for your approval. Within the next couple of days, an invoice concerning the article processing charge (APC) for publication in this open access journal will be sent by email from the Editorial Office in Basel, Switzerland.

If, however, extensive English edits are required to your manuscript, we will need to return the paper requesting improvements throughout.

We encourage you to set up your profile at SciProfiles.com, MDPI's researcher network platform. Articles you publish with MDPI will be linked to your SciProfiles page, where colleagues and peers will be able to see all of your publications, citations, as well as other academic contributions.

We also invite you to contribute to Encyclopedia (<https://encyclopedia.pub>), a scholarly platform providing accurate information about the latest research results. You can adapt parts of your paper to provide valuable reference information, via Encyclopedia, for others both within the field and beyond.

Dear Professor Hendri,

One of the reviewers has suggested that your manuscript should undergo extensive English revisions. Note that extensive English editing is not included in the APC. This may not accurately reflect the English level of your manuscript but we recommend that you further check the English during revision. If the reviewer does not provide detailed comments, you may ask the assistant editor to contact the reviewers for more specific comments.

We propose that you have your manuscript checked by a native English-speaking colleague, or use a paid editing service. We also offer paid editing services at <https://www.mdpi.com/authors/english>.

If you use an alternative service that provides a confirmation certificate, please send a copy to the Editorial Office.

Best,

English Editing Department
