Dear Siti Nurdjanah,
Author of ICB 2018

This is our great pleasure to introduce the final conference program in our web site as followed.

<http://icb3.org>

Please check and find your session in the second day program.

For those oral presenters, it is advisable to bring your own notebook computer, with a presentation file installed. A separate USB memory of the same file also recommended, in case your PC can not be connected to a projector.

See you soon at the Salak Tower Hotel on 1st August

Best regards,

Dear Siti Nurdjanah,

This is an important notice to all full paper authors.

First of all, ICB acceptance means your entitlement of presentation at ICB, does not necessary mean IOP application.

As announced previously, papers with certain scientific level can be only applied to IOP publication, and ICB2018 covers the fees, but not of all ICB accepted papers.

Second, at the moment we have two categories of full papers.

1. Accepted by reviewers with or without comments.
Those authors are free to revise the paper and send it to icbsbrc@gmail.com by 2359, 21 July.
2. Revise requested authors with reviewers' comments should revise the paper and send it to icbsbrc@gmail.com by noon 20 July sharp. Only two exemptions exist.

Whichever you are, you are kindly requested to make the payment by 21 July sharp!

Tomorrow, you will see a tentative program of parallel and poster sessions, based on the full paper submissions, but it is still tentative.

Presentations without revised paper submission (above 2.) and without payment will be erased out from the table.

Best regards

Paper Committee ICB 2018
