Reviewer:

Abstract

1. Kindly you should write the contribution sentence after the AIM, to show your novelty
2. It is better if you can add the result (quantitatively) in this abstract to show to your reader your final result
3. Please add implication of this study in the last paragraph

Introduction

1. The author has written the state-of-the-art method; however, author should write what have not been done in each previous method thus we will know the RESEARCH GAP in this area of research.
2. In the last paragraph, author should write the AIM and the justification

METHOD

1. Equation 1 and 2 should be mentioned in the TEXT. Author should explain for each variabel for each equation (where x indicates.)
2. Every main equation should be supported by a reference this is to verify the correctness of the equation

3. Author should explain not only theoretical background of the method BUT author should explain about the dataset
4. Author should explain the data analysis as well as statistical

RESULT

1. Is there any Euclidian distance (ED) method applied in this study? This is to measure which clustering technic better among others
2. Figure 1, 2, 3 should be explained (label) for the X axis
3. Figure 4 should be completed with the label and unit (X and Y axis)

Discussion

1. This paper lack of discussion section
2. Author should add this section for better quality paper
3. Author can add Interpretation, study comparison among other related study, the weaknesses and implication

Conclusion

1. Author should write the AIM, FINDING and FUTURE WORK
