Dear Siti Suharyatun
ICBB 2021 Submission No.8

Following the previous email on the acceptance of your full paper entitled
"VALORIZATION OF CORNCOB THROUGH TORREFATION PROCESS "
These are the review scores and comments from the reviewers:
Final Score: 2.00 of 3.00
Result: Accepted (after revisions)

Reviewer 1:
Score: 2.29

Comments and corrections:

Minor revision. Well written. Please conduct a professional proofread to improve many English grammatical inconsistency, e.g. section 2.1 Corncoobs are dried... -> Corncoobs were dried; then cut into pieces... -> then "were" cut into pieces... writing typo, punctuation errors, e.g. mistakes of decimals and thousands separator: Table 1. 3.026 -> 3.026; 15,66 -> 15.66 ; check and revise the correct use of (.) for decimals and (,) for thousands numbers. Please check and revise the whole manuscript. Table 8 minute -> minutes. Check for missing units and variable information, e.g. equation (2) Density (unit ?), $m = ?$, $v = ?$. Please make sure you have performed the plagiarism check with a low %similarity result. The starting paragraph after the section title should not cut between pages, e.g. 3. Results and Discussion - 3.1. Characteristics of Corncoobs (moved it to the next page). The same with Table, it should not cut between pages, e.g. Table 7, repeated Table 8. Check tables orde!
r (Table 8 repeated twice).

Reviewer 2:
Score: 1.71

Comments and corrections:

It would be better if this paper is proofread to improve the English and grammatical errors. Reference format should be checked and improved. Some table are not clear representation.

Please submit the pdf of your revised full paper to Easychair by 14 August 2021.

As previously mentioned, please note that

the full paper submission to IOP can only undertaken if:

- a. The paper is presented at the ICBB 2021 parallel session
