ISBN-13: 978 1 78639 179 7

Commissioning editor: Alex Hollingsworth / David Hemming

Production editor: Tim Kapp

Printed and bound in the UK from copy supplied by the editors by CPI Group (UK) Ltd, Croydon, CR0 4YY

Quick geographic reference  
for the book's chapters  
(Cross-reference with the Table of Contents  
for the corresponding numbers.)

Several papers cover a large area or refer to swiddening in general so they are not marked in this map.

These are:  
2, 3, 4, 5, 7, 11, 17, 49, 51, 52

# CONTENTS

List of Acronyms .....	xv
Dedication.....	xix
<i>Malcolm Cairns</i>	
Foreword.....	xxvi
<i>Carol J. Pierce Colfer</i>	
Preface .....	xxxii
<i>Malcolm Cairns</i>	

## I. Introductory section

### A. Setting the stage

1. Fragments of fire and forest: Shifting cultivation policy in the Philippines and Indonesia .....	3
<i>Jan van der Ploeg and Gerard A. Persoon</i>	
2. Shifting cultivation policies in Southeast Asia: A need to work with, rather than against, smallholder farmers .....	27
<i>Ole Mertz and Thilde Bech Bruun</i>	
3. Policies impacting shifting cultivation: Getting them right .....	43
<i>John Lindsay Falvey</i>	
4. Trends in shifting cultivation policy: Four decades of efforts to intensify land use in the shifting cultivation tracts of mainland Southeast Asia .....	64
<i>Garry Oughton</i>	
5. Tenure and shifting cultivation .....	90
<i>Joseph A. Weinstock</i>	

### B. Historical overviews from Southeast Asia

6. The geopolitics of shifting cultivation in Thailand: A brief history of the 'hill tribe problem' .....	97
<i>Katharine McKinnon</i>	
7. The French colonial administration versus swidden cultivation: From political discourse to coercive policies in French Indochina.....	113
<i>Mathieu Guérin</i>	

8. Lao swidden farmers: From self-initiated mobility to permanent settlement trends imposed by policy, 1830 to 2000 ..... 129  
*Laurent Chazée*
- C. The wider context in which shifting cultivation takes place**
9. Romanticizing and villainizing shifting cultivators within national policies: Co-producing ethnic politics and resource-use legitimacy in Thailand's community forestry debate ..... 157  
*Tim Forsyth and Andrew Walker*
10. Conservation and restoration of traditional grasslands in the Mount Aso region of Kyushu, Japan: The role of collaborative management and public policy support ..... 174  
*Yoshitaka Takahashi, Andreas Neef and Hiroshi Yokogawa*
- D. The Complexities of Implementing REDD+**
11. The viability of swidden agriculture and its uncertain role in REDD+ ..... 194  
*Alan D. Ziegler, Daniel Borstein and Jia Qi Yuen*
12. Involving all local stakeholders and holders of land-use rights in REDD+: Indigenous people and/or local communities in Indonesia ..... 207  
*Sébastien de Royer, Leontine E. Visser, Meine van Noordwijk, Gamma Galudra and Ujjwal Pradhan*

## II. The impact of state policies on shifting cultivation

- A. Shifting cultivation in the crosshairs of state policy**
13. Rethinking swidden cultivation in Myanmar: Policies for sustainable upland livelihoods and food security ..... 226  
*Oliver Springate-Baginski*
14. Swidden agriculture under threat. The case of Ratanakiri, northeast Cambodia: Opportunities and constraints from the national policy environment ..... 242  
*Jeremy Ironside, Gordon Paterson and Anne Thomas*
15. The growing voice of the state in the fallows of Laos ..... 269  
*Olivier Ducourtieux*
16. Swidden agriculture and sloping land conversion in China's Dulong Valley: Impact and adaptation ..... 295  
*Shen Shi-Cai, Li Di-Yu, Zhang Fu-Dou, Xu Gao-Feng, Andreas Wilkes, Yin Lun and Jin Gui-Mei*

17. Policies on shifting cultivation in the countries of the eastern Himalayas .....	310
<i>Karma Phuntsho, Gopal S. Rawat, Golam Rasul and Wu Ning</i>	
18. Reflections on the impacts of state policies on shifting cultivators in northeast India .....	344
<i>Vincent Darlong</i>	
19. Vanishing shifting cultivation and loss of tribal culture in Arunachal Pradesh, northeastern India .....	379
<i>Tomo Riba</i>	
20. Shifting cultivation on steep slopes of Mizoram, India: Impact of policy reforms .....	393
<i>S. K. Tripathi, David C. Vanlalfakawma and F. Lalnunawia</i>	
21. State land policies and shifting cultivation in Odisha, India .....	414
<i>Kundan Kumar</i>	
22. The Dragon and its attempts to put out the fire .....	441
<i>Chencho Dukpa</i>	
23. From farmers to foresters? Response to pine encroachment on former swidden fields in Choekhor Valley, Bumthang district, Bhutan .....	449
<i>Laura S. Meitzner Yoder, Sonam Phuntsho, A. J. Conrad, Hannah Doren, Rachel Haney, Christina Johantgen, Katie Le Boeuf, Sarah Miller, Zoe Reich-Aviles, Annalise Ritter and Greg Zegas</i>	
24. Keeping ecological disturbance on the land: Recreating swidden effects in Bhutan .....	460
<i>Stephen F. Siebert and Jill M. Belsky</i>	
25. Shifting cultivation in Vietnam: Impacts of various policy reforms.....	470
<i>Delia Catacutan, Nguyen Thi Hoa, Do Trong Hoan, Elisabeth Simelton and Hoang Thi Lua</i>	
26. Misinterpreting the uplands of Vietnam: How government policies and maps lead to a misunderstanding of swidden and its associated livelihood systems .....	486
<i>Stephen J. Leisz</i>	
27. Changing patterns of shifting cultivation in Timor-Leste.....	502
<i>Harold J. McArthur, James B. Friday and Michael J. Jones</i>	
<b>B. Removing the 'shifting' from 'shifting cultivation'</b>	
28. Evolving swidden farming patterns in the Lao PDR: When policy reverses historically mobile ways of life to impose permanently settled livelihoods .....	518
<i>Laurent Chazée</i>	

29. 'Your land is needed': The fundamental reason behind the sedentarization of shifting cultivators .....	542
<i>Rodolphe De Koninck and Pham Thanh Hai</i>	
<b>C. Opium production: The notorious cousin of shifting cultivation</b>	
30. Was Thailand's highland policy misdirected? .....	555
<i>Gary Suwannarat</i>	
31. Opium and shifting cultivation in Laos: State discourses and policies .....	577
<i>Paul T. Cohen</i>	
32. Eliminating opium from the Lao PDR: Impoverishment and threat of resumption of poppy cultivation following 'illusory' eradication .....	593
<i>Olivier Ducourtieux, Silinthone Sacklokham and François Doligez</i>	
<b>D. When shifting cultivators get pushed aside by large agribusiness</b>	
33. Giving up fallows and indigenous swiddens in times of global land grabbing .....	618
<i>Esther Leemann and Brigitte Nikles</i>	
34. The effects of commercial agriculture and swidden-field privatization in southern Laos.....	636
<i>Watcharee Srikham</i>	
35. From traditional subsistence to commercial agriculture: A downward trend towards food insecurity in rural Lao PDR.....	649
<i>Paulo N. Pasicolan, Saphangthong Thatheva and Timothy John A. Pasicolan</i>	
36. Policies, migration and coffee cultivation in Vietnam's Central Highlands: A case study in Dak Lak province.....	668
<i>Truong Hong</i>	
<b>E. The impacts of policy interventions on the lives of shifting cultivators and the local ecology</b>	
37. The Chayanov life cycle in upland villages of Laos: Socio-economic differentiation driven by state involvement.....	686
<i>Olivier Ducourtieux</i>	
38. Policy-driven changes in Lisu swiddening: Social organization as adaptation to a new economy.....	702
<i>Kathleen Gillogly</i>	
39. From a complex to degraded system: Laws, customs, market forces and legal pluralism in the Cordillera, northern Philippines .....	717
<i>June Prill-Brett</i>	

40. Vietnam's 'renovation' policies: Impacts on upland communities and sustainable forest management..... 732  
*Tran Thi Thu Ha and Pham Van Dien*
41. Changes in species distribution and plant resources after the cessation of swidden cultivation in northern Thailand.....750  
*Maki Fukushima*

### **III. Policy lessons that we should be learning**

#### **A. From research by graduate students**

42. Top-down or bottom-up? The role of the government and local institutions in regulating shifting cultivation in the Upper Siang district, eastern Himalaya, India .....761  
*Karthik Teegalapalli and Aparajita Datta*
43. Transitional upland rice cropping systems in northern Thailand: Priorities for research and development, on the basis of on-farm crop diagnosis .....777  
*Koen Van Keer and Guy Trébuil*

#### **B. From highland development projects**

44. Lessons learned in northern Thailand: Twenty years of implementation of highland agricultural development and natural resource management projects ..... 799  
*Peter Hoare*
45. Putting upland agriculture on the map: The TABI experience in Laos.....819  
*Andreas Heinemann, Chris Flint, Rasso Bernhard and Cornelia Hett*

#### **C. From efforts to mediate the role of farmers in the Indonesian forest**

46. Negotiating for community forestry policy: The recognition of damar agroforests in Indonesia .....837  
*Tuti Herawati, Hubert de Foresta, Dede Rohadi, Mani Ram Banjade and Chip Fay*
47. Land law and swidden cultivation: Indonesian *adat* communities and the struggle for statutory rights.....857  
*Rebakah Daro Minarchek*

**D. From the merger of national and local**

48. Existing village regulations for natural resource management: A key entry point for community participation in sustainable management .....875  
*Peter Hoare*
49. Policies that transform shifting cultivation practices: Linking multi-stakeholder and participatory processes with knowledge and innovations ..... 889  
*Madhav B. Karki*
50. Codification of customary communal tenure of upland shifting cultivation communities in Myanmar ..... 917  
*Kirsten Ewers Andersen*

**IV. Concluding section**

51. Shifting cultivation policy decisions that count ..... 943  
*Kenneth G. MacDicken*
52. Lessons learned from the identification and implementation of policies affecting shifting cultivation in the Asia-Pacific region: A summary ..... 952  
*William C. Found*
- Botanical index.....971
- Ethnic group index.....981
- General subject index.....987

**Addendum**

The following chapters add substantial support to the learned arguments presented in the chapters above. They are therefore recommended as additional reading on the broad subject of official policy as it affects shifting cultivation in the Asia-Pacific region. That these chapters are offered for digital download rather than published within these pages is a result of overwhelming contributions and limited space. They can be found at:

[www.cabi.org/openresources/91797](http://www.cabi.org/openresources/91797)

- A1. Assessing shifting cultivation policies through the lens of systems thinking  
*Mai Van Thanh and Tran Duc Vien*

- A2. The role of sacred forests and traditional livelihoods in REDD+:  
Two case studies in Vietnam's Central Highlands  
*Mucahid Mustafa Bayrak and Lawal Mohammed Marafa*
- A3. Integrating swidden agricultural knowledge systems into sustainable  
intensification in the Central Mekong region  
*Jianchu Xu, Timothy McLellan and Lisa Hiwasaki*
- A4. Indigenous fallow management: Property rights and other dimensions of  
official misunderstanding  
*Malcolm Cairns*
- A5. From highland to lowland: Impacts of resettlement on vanishing  
aspects of Tariang culture in the Lao PDR  
*Watcharee Srikham*
- A6. Policy issues for shifting cultivation communities and their ecosystems:  
The case of northeast India  
*Anil K. Srivastva*
- A7. Institutional design and occupational 'opportunity': The case of  
shifting cultivators in Nagaland, northeast India  
*Abhinandan Saikia and Saradindu Bhaduri*
- A8. Revisiting statutory laws and customary norms governing swidden  
agricultural systems: A study based on swidden farmers in  
southern Odisha  
*Amalendu Jyotishi and Manjula M.*
- A9. A proposed strategy for agricultural development of the Chittagong  
Hill Tracts of Bangladesh  
*Dev Nathan, B. K. Bala and Yasmin Siddiqi*
- A10. Climate change: Integrating indigenous and local knowledge into  
adaptation policies and practices. A case study from Nepal  
*Madhav Karki, Prabha Pokhrel and Jay Ram Adhikari*
- A11. Policies that transform shifting cultivation and encourage community-based  
forest management in Lampung province, Indonesia  
*Christine Wulandari*
- A12. Balancing food security and biodiversity in the context of a changing  
landscape: The case of GMO corn adoption in Isabela, Philippines  
*Miladis M. Afidchao*
